### What You Can Do To Improve

- Practice speaking about hypothetical, or abstract topics, using advanced grammar that conveys nuance and sensitivity.
- Practice using phrasal verbs as much as you can. Pay attention to how native speakers use them and try to copy them.
- Read as much as you can on topics that are complex and multifaceted. Re-read passages until you understand every word.
- Record yourself spontaneously answering opinionated questions. Listen to the recording and identify and correct your mistakes.
